

PRESS RELEASE

A Commitment To Training Secures 4m Award

Crewe-based 4m flooring uk Limited has been named one of the country's foremost training providers after securing a leading national industry award.

The company is part of Seddon (Stoke) Limited, which secured the Training Achievement category of the Quality in Construction Awards, organized by the industry publication, Construction News and backed by the DTi and Constructing Excellence.

Sponsored by CITB –ConstructionSkills, the award was given at a glittering ceremony held at the Park Lane Hilton in London. Hundreds of people from the construction industry and associated sectors attended the event.

To win the title, Seddon (Stoke) fought off competition from a total of nine entries - including some of the industry's biggest names.

Mark Holden, of 4m flooring uk Limited, said: "The award is a fantastic achievement."

The accolade is the latest award secured for a commitment to training.

In 2004, 4m won the Investing In People category at the The Sentinel Business Awards for its work in the industry, developing its staff and operatives.

4m was one of the first flooring contractors to obtain Investors In People, achieved in 1999, awarded by South and East Cheshire TEC.
