

PRESS RELEASE

Date: For release 4th January 2011

40 YEARS OF SURFACING SOLUTIONS

2011 will be a milestone year for specialist resin manufacturer, Conren Limited, who will celebrate 40 years of trading.

Founded in 1971 as formulators of high performance resin floor coatings & screeds, the Company has grown and developed into one of the U.K.'s foremost providers of surfacing solutions.

Conren's Managing Director, Ann Collins explained "This is an exciting year for us. Not only is it our 40th anniversary, but we are looking to launch several new products later in the year. This will further enhance our already extensive product portfolio of resin systems which includes high friction epoxy anti-skid for roads, safety surfacing, joint sealants and waterproofing compounds.

Our systems are used on major projects in the UK and worldwide. Conren's export markets have continued to grow and the expanding network of distributors and agents now spans over 30 countries. In addition to product sales, our contracting teams in the U.K. are a fundamental part of our business and we already have several large projects due to start in 2011, so it will be a busy year ahead!"

Conren will also be launching a new website www.conren.com in January. The website has been designed for ease of navigation and includes a download section for NBS Specifications and product technical data sheets, as well as all the latest news from the Company.

Notes to Editor

Conren is owned by VINCI Construction UK and forms part of VINCI, the world leader in concessions and construction. www.vinciconstruction.co.uk

Conren is part of VINCI, the world's leading company in concessions, construction and associated services. In addition to floor coatings and screeds, Conren manufacture safety play surfacing, waterproofing compounds, car park systems and BBA/HAPAS approved high friction anti-skid for highways. In 1997 the Company was awarded The Queen's Award for Export Achievement.
