

# It's Official! Instarmac is one of the UK's Times **TOP 100** Best Small Companies to work for!

Instarmac Group – the renowned spear head of the Ultracrete, Ultrascape, Ultra Tile and Ultra Floor brands, is pleased to announce that they have officially been named in this year's TIME TOP 100 companies to work for!

The Times's yearly awards are based on research conducted by Best Companies, where Instarmac were also awarded **2 Star** status.

Both accreditations are the tip of the iceberg for Instarmac and mean two new fantastic and highly respected awards for the family run business.

Best Companies accreditation 2009 has seen some astonishing results, with 795 companies applying to achieve Star Status – a 21% increase on 2008. 639 organisations made it through, and since September over 168,000 employees have been surveyed.

Best Companies accreditation was established to acknowledge excellence in the workplace – the *Michelin Style* accreditation system recognises organisations by assigning them Star Status:

- **One Star** is acknowledged as First Class
- Two Star is **Outstanding**
- **Three Star** is Extraordinary

Instarmac Group is **1 of only 150** companies to be awarded this **2 Star** rating, in recognition of their **great working practices and employee care**.

A proud achievement for Instarmac is their listing as **78<sup>th</sup>** in the Time Best Small Companies to Work For 2009 listing, above such credible names as Unicef and Cougar Automation.

The official Sunday Times supplement has confirmed that employees are happy at work and feel valued and supported, whilst acknowledging Instarmac's credible efforts for charities and the local community as well as their environmental policies – all viewed as part of the company's firm ethos rather than money-making PR initiatives. Instarmac also came 3<sup>rd</sup> in the special GREENEST COMPANIES award.

A world leading manufacturer; over 30 years of expertise; a brand portfolio that scopes highways maintenance, repair and refurbishment, streetscaping, tile adhesives and grouts, and commercial flooring – now **officially recognised as outstanding**. **Imagine what Instarmac can do for you.**
