

# SPE 2010 Roadshow

SPE are running a roadshow throughout the UK from the 29<sup>st</sup> June for a 3 week period. The main aim of the events are to raise customer's awareness of Surface Preparation methods and existing / new equipment to the SPE range.

The events will be held in partnership with specific locations that currently specialise in the rental and supply of this type of equipment.

The SPE Roadshow vehicle is a purpose built unit loaded with demonstration equipment outdoor pop ups and promotional give away's.

Technical staff will be available throughout the day providing demonstrations and advice on the correct use and selection of equipment.

**A competition will be held over the Roadshow period with a new DFG200 Floor Grinder as the prize.**

Winner will be announced 1<sup>st</sup> week of August
