

COBRA Insurance Brokers has traded in one form or another for over 100 years. We handle all aspects of insurance for a wide variety of companies, sole traders, charities and non-profit organisations, as well as private individuals.

We're part of the wider COBRA Group, which includes underwriting and financial services and manages and influences over £400m of insurance premium annually.

The strength of the group provides us with unrestricted access to the entire marketplace, including Lloyd's and the London open market via our in-house Lloyd's brokerage, COBRA London Markets.

It's this combination of market strength and access to the powerful resources of the COBRA Group, coupled with our personal service, which sets us apart from other brokers.
