

COUNTRYWIDE WASTE MANAGEMENT JOIN AS FeRFA ASSOCIATES

Countrywide Waste Management, FeRFA's partner in its Award-winning Recycling Scheme has joined as an Associate member of the Association - furthering its relationship and commitment to sustainability in the resin flooring industry.

Countrywide Waste Management Ltd (CWM) provides a full range of waste management and recycling solutions to commercial waste producers throughout the UK. Working in partnership with FeRFA, CWM delivers their award winning waste management and recycling scheme. The company has a strong reputation for providing high levels of service and understands the importance that this has for clients. CWM handle all types of waste streams including hazardous wastes, achieving up to 100% recycling and recovery for clients. No matter how small a company's waste needs are, CWM can provide managed services to sites and offices nationally ensuring compliance and Duty of Care obligations are achieved. Full details on CWM services may be found at www.countrywidewaste.co.uk or by calling 0845 230 5566.

The FeRFA Recycling Scheme was launched in March of this year and the response has been tremendous. Under the scheme, waste packaging (hazardous and non hazardous) - which would previously have gone straight to landfill - is collected, decontaminated and reprocessed for future use, with up to 100% of waste being recycled. Participants in the scheme receive a monthly dashboard report which shows the amount of waste collected, the type and percentage recycled.

FeRFA has set up a dedicated area of the website on recycling at www.ferfa.org.uk/html/recycling.htm and produced its own Environmental Guide. In collaboration with Countrywide Management there is also a section on Waste Management which provides a comprehensive guide on what is waste and advice on how to deal with it at <http://www.ferfa.org.uk/html/wasteguide.htm>

Words 286

Seamless resin flooring provides a high performance, durable finish to suit both industrial and commercial applications. With specialist hygienic, slip resistant, chemical resistant and anti static systems available, resin flooring satisfies the demanding requirements of today's industrial environments.

FeRFA, the Resin Flooring Association, represents the major product manufacturers, specialist contractors and surface preparation companies, raw material suppliers and specialist service providers within the UK Resin Flooring Industry.

FeRFA is a signatory to Halving Waste to Landfill
