

## CATALOGUE OF FERFA ASSOCIATE MEMBERS

The companies listed in this brochure are all Associate members of FeRFA, providing specialist services and products into the resin flooring and surface preparation industry.

The listings have been divided into the following broad sectors to aid selection of the services or products required.

Air Products Chemicals Europe BV	Construction products: Raw material suppliers
John Ashworth and Partners	Consultants & Testing Services
Aston Services	Consultants & Testing Services
Blastrac UK	Equipment manufacturers and suppliers
Boud Minerals & Polymers Ltd	Construction products: Raw material suppliers
CCF Ltd	Construction products: Building materials and floor screeds
Countrywide Waste Management	Waste Management
Degafloor Ltd	Construction products: Building materials and floor screeds
Derbyshire Aggregates Ltd	Construction products: Raw material suppliers
Face Consultants Ltd	Consultants & Testing Services
Huntsman Polyurethanes (UK) Ltd	Construction products: Raw material suppliers
Incorez Ltd	Construction products: Raw material suppliers
Instarmac Group plc	Construction products: Building materials and floor screeds
Protech Plastics Containers	Packaging
Radlett Consultants	Consultants & Testing Services
Schluter-Systems Ltd	Floor accessories and joints
SlipAlert LLP	Equipment: slip testing
Trelawny SPT Ltd	Equipment manufacturers and suppliers
VI Distribution Ltd	Equipment: PPE and other consumables
Wagner Electronics	Equipment: testing meters

FeRFA's website has comprehensive information on all aspect of resin flooring, including technical documents and publications, membership, training schemes case studies and a gallery, as well as a searchable database of all FeRFA members including contractors and manufacturers.

May 2012

*the mark of quality for resin flooring*

## CONSTRUCTION PRODUCTS: BUILDING MATERIALS & FLOOR SCREEDS

### CCF LTD

Unit 17 Waterside Industrial Park, Waterside Road,  
Stourton, Leeds LS10 1RW  
T: 08700 979797

[www.ccf ltd.co.uk](http://www.ccf ltd.co.uk)

#### COMPANY PROFILE

CCF Ltd has over twenty years developed an in depth understanding of the floor screed market. Nationwide distribution of a broad but specialist product range coupled with in-house technical expertise has enabled CCF to build excellent relationships with screeders throughout the UK. This mix of service, in-depth product knowledge and a bespoke product range has now been extended as a result of the company's partnership with Knopp. Knopp offer the next generation of screed enhancement products. Primarily screed accelerators and hardeners are at the core of the range but primers, plasticisers and surface treatments are also available.

### DEGAFLOOR LTD

Crusader House, High Street, Maxey, Peterborough,  
Cambridgeshire PE6 9HQ

Tel: 01778 342545 Fax: 01778 380912

#### COMPANY PROFILE

Degafloor is one of the UK and Ireland's leading supplier of MMA (acrylic) resin flooring systems for industrial and commercial premises. The product range includes all types of resin flooring (FeRFA types 3 - 8), together with car park decking systems, seamless resin terrazzo, floor screeds and rapid curing concrete repair solutions.

The technically advanced resins are manufactured by Evonik Industries AG (formerly Degussa AG) and have been designed to specifically meet the challenges and requirements of today's discerning customers. The Röhm GmbH & Co. division of Evonik who supply the resins, have also developed other groundbreaking technologies such as PLEXIGLAS®, EUDRAGIT® drug coatings, and ROHACELL® CFC-free hard foam. These technologies are the result of continuous R&D (over 300 research chemists are currently employed by Evonik) and a business model that embraces innovation.

Product range is second to none, and its 24/7 approach to customer support, rapid response to technical enquiries and high quality, flexible approach to training has made Degafloor a firm favourite of many leading resin system installers. Please visit [www.degafloor.com](http://www.degafloor.com) to find out more.

## CONSTRUCTION PRODUCTS: BUILDING MATERIALS & FLOOR SCREEDS

### INSTARMAC GROUP PLC

Danny Morson Way, Birch Coppice Business Park, Dordon,  
Tamworth, Staffs B78 1SE  
T: 01827 872244 F: 01827 874466

[www.instarmac.co.uk](http://www.instarmac.co.uk)

#### COMPANY PROFILE

Ultra Floor is a renowned brand of the Instarmac Group plc, a multi award-winning market leading company who specialise in the manufacture and distribution of cement, bitumen and resin based products.

Instarmac have built a solid reputation based on the research, development and manufacture of innovative products for use in the highway maintenance, concrete repair, streetscape, tiling and commercial flooring industries. All products are manufactured under the Quality Management System BS EN ISO 9001.

Ultra Floor's professional product range consists of: floor levelling & smoothing compounds, repair mortars, primers and DPMS, all of which are formulated with the busy contractor in mind. Manufactured under the exacting requirements of ISO 9001, ISO 14001 and OHSAS 18001, all Ultra Floor products have a guaranteed world-class performance and conform to the relevant industry specific standards. Products are fully stocked at all times and distributed on Instarmac's own fleet, consequently Ultra Floor materials are certain to be when and where you need them after just one phone call.

Supplying minerals and polymers to industry

### DERBYSHIRE AGGREGATES LTD

Arbor Low Works, Long Raise, Youlgrave,  
Bakewell, Derbyshire DE45 1JS  
T: 01629 636500 F: 01629 636425

[www.derbyshireaggregates.com](http://www.derbyshireaggregates.com)

#### COMPANY PROFILE

Started in 1984 as a relatively small scale operation focused on discrete volumes to locally based merchants, Derbyshire Aggregates dynamic growth now finds itself as an industry leader, exporting products all over the world and contributing to a vast array of project types.

Dried aggregates are produced at its Youlgrave plant in Derbyshire, then washed, dry screened and packaged to exacting requirements. Available for immediate delivery off the shelf and throughout the UK and Ireland, Derbyshire Aggregates has a wide selection of natural coloured dried decorative minerals, including granite, quartz, basalt and bauxite. Colour coating is available if required. Many other high PSV materials can be custom processed to specific requirements. Deliveries can be made in bags, bulk bags, tankers and bulk tippers as required. Minerals are now sourced worldwide with custom processing at the Arbor Low manufacturing plant.

Technical liaison to deliver client requirements when and where required in the quantities to match demanding schedules are a feature of DA's operations and delivery service. A vast selection of products is in stock for immediate delivery and a large aggregate library is available to assist selection. Via its haulage network deliveries can be arranged 24 hours a day 7 days a week.

## CONSTRUCTION PRODUCTS: RAW MATERIALS

### HUNTSMAN POLYURETHANES (UK) LTD

PO Box 99, Wilton, Redcar TS10 4YA  
T: 01642 834700

[www.huntsman.com](http://www.huntsman.com)

#### COMPANY PROFILE

Huntsman is a global manufacturer and marketer of differentiated chemical products. The polyurethanes division is a leader in the delivery of MDI-based solutions for an extensive range of applications. Three world-scale MDI plants, produce over 500 different products for the appliance, adhesive, elastomer, automotive, composite wood, footwear, furniture and bedding, TPU and coating markets.

Coatings based on Huntsman's polyurethane technology include: paints that combine aesthetic properties with adhesive capabilities and durability; heavy duty protection systems for bridge and car park surfaces; and specialty protective finishes for metal and concrete, pipelines, truck bed liners industrial floor coatings.

The versatility of Huntsman's advanced MDI technology enables the manufacture of tough industrial floor coatings that provide long-term protection coupled with aesthetic, structural and safety functions. Depending on the application, they can be tough, matt or glossy. They can also be customized with specific properties tailored to meet the needs of environments as diverse as food processing factories, electronic production, chemical, power and car manufacture plants as well as general workshops, clean rooms and TV studios.

Huntsman's specialists have a deep understanding of polyurethane chemistry and through a policy of continuous innovation can offer the highest level of proactive support to formulators. Assistance available includes advice on the selection of chemical components as well as expert guidance on formulating, processing and handling. By offering a fast, responsive service based on direct communication and feedback, Huntsman's technical teams can help customers solve complex application challenges quickly, opening up a world of new formulating opportunities.

### INCOREZ LTD

Iotech House, Miller Street, Preston, Lancashire PR1 1EA  
T: 01772 201964 F: 01772 255194

[www.incorez.com](http://www.incorez.com)

#### COMPANY PROFILE

Incorez Ltd is a leading manufacturer of specialist resins and polymers, excelling in the development of high performance, low hazard materials, particularly waterborne and high solids systems.

Incorez is also a global leader in oxazolidine chemistry, manufacturing a range of products marketed under the Incozol® umbrella. The Incozol® range has been widely adopted in 1K and 2K polyurethane coatings, as well as 1K PU sealants, where they operate as moisture scavengers, reactive diluents and curing agents.

In addition, the company is a global partner in waterborne, low hazard technology, manufacturing a wide range of waterborne aliphatic polyurethane dispersions and an extensive range of waterborne epoxy curing agents. These materials, marketed under the Incorez® brand, are used extensively in high performance coatings across a broad spectrum of applications.

## CONSULTANTS & TESTING SERVICES

### JOHN ASHWORTH & PARTNERS - Dr John Ashworth

Unit 2 Park Road Business Centre, Park Road,  
Bacup, Lancs OL13 0BW  
Tel: 01706 879544 Fax: 01706 879481

[www.johnashworthltd.co.uk](http://www.johnashworthltd.co.uk)

#### COMPANY PROFILE

John Ashworth & Partners Ltd has been established for 25 years and is a fully equipped laboratory providing a service to the flooring industry and related areas including slip-testing and on-site investigation. We investigate problems with respect to all types of polymeric flooring – epoxies, polyurethanes, resin-cement systems etc, right through from on-site investigation to analysis, written report, photographs and appear as expert witness in court if litigation ensues.

### ASTON SERVICES - Dr Massud Sadegzadeh

Aston Science Park, Faraday Wharf, Holt Street, Birmingham B7 4BB  
Tel: 0121 204 3606 Fax: 0121 204 3684

[www.astonservices.co.uk](http://www.astonservices.co.uk)

#### COMPANY PROFILE

Aston Services is a company of consulting material engineers providing a complete range of independent and confidential consulting, research, development and materials testing services to the civil engineering and construction industries. Based in Aston Science Park, Aston University, Birmingham it has access to laboratory facilities, expertise and specialised knowledge derived from research in a variety of disciplines. Aston Services is approved to carry out specific United Kingdom Accreditation Services (UKAS) tests.

The company has provided expert witness services, performed failure investigations and abrasion testing services since 1982. **Indeed the BS 8204: Part 2 Classification of abrasion resistance is based on the research carried out by Dr M.Sadegzadeh (Aston University) and R. Chaplin (C&CA).**

Provides a range of expert services including on-site testing for the flooring industry as follows:

- Forensic Petrographical investigation of floor failures and disputes
- Abrasion resistance testing and survey to BS 8204
- Slip/skid resistance testing and survey to BS 8204
- BRE Screed testing and survey to BS 8204
- Schmidt hammer surveys
- Anti-static test to BS 2050 and BS 5958

Its specialist team of Scientists, Chartered Chemists and Engineers are able to undertake a wide range of on-site and laboratory testing inspection services, ranging from microscopic analysis of samples for ASR, carbonation, HAC, chloride, sulphate attack and reinforcement corrosion through to full scale testing /appraisal of civil engineering structures. In addition the company specialises in developing procedures for assessing performance and durability of materials.

## CONSULTANTS & TESTING SERVICES

### FACE CONSULTANTS LTD - Duane R. Scarfe

Dene House, North Road, Kirkburton, Huddersfield, HD8 ORW  
Tel: +44 1484 600090 Fax: +44 1484 600095

[www.face-consultants.com](http://www.face-consultants.com)

#### COMPANY PROFILE

Part of the CoGri Group of companies, Face Consultants Ltd are global flooring specialists providing services to the distribution, retail and manufacturing sectors. We provide a comprehensive range of surveying, testing, diagnostic and condition monitoring services for new and existing floors.

#### Testing services include:

- Slip / Skid Testing
- Surface Regularity Testing
- Abrasion Resistance Testing
- Relative Humidity Testing
- Surface Micro Roughness Assessment
- Pull off Testing
- Drop Testing (BRE Screed Tester)
- Crack Surveys / Crack Monitoring
- Cover Meter Surveys
- Bespoke Surveys

Over 20 years of experience in floor flatness measuring systems and as world leaders were the first to be approved by the United Kingdom Accreditation Service (UKAS) to BS.EN ISO/IEC 17025 'General Requirements for the Competence of testing and Calibration Laboratories' to carry out floor flatness testing to the Concrete Society's Technical Report No 34 (TR34), and Accelerated Abrasion Resistance Testing to check compliance with BS 8204-2:2003.

For more information, please contact Duane Scarfe on + 44 (0) 1484 600090

### RADLETT CONSULTANTS - Dr Malcolm Bailey

3 Homefield Road, Radlett, Hertfordshire WD7 8PX  
Tel: 01923 858323 Fax: 01923 859950

#### COMPANY PROFILE

Radlett Consultants provide failure investigation and expert witness services in respect of floor construction. They also investigate personal injury and industrial accidents when the floor surface may be a factor.

## EQUIPMENT MANUFACTURERS AND PROVIDERS

### BLASTRAC UK

Unit 2A, Outgang Lane, Dinnington, Sheffield, S25 3QY  
T: 01909 569118 F: 01909 567570

[www.blastrac.com](http://www.blastrac.com)

#### COMPANY PROFILE

Blastrac® systems are the preferred method for surface preparation used by professional contractors and recommended by coating manufacturers for a wide range of applications.

Blastrac offers more surface preparation technologies and expertise than any other manufacturer.

Blastrac products are environmentally friendly and provide the most economic solutions to your surface preparation projects.

In 2009 the BLASTRAC BMR-85D was the winner of the Construction Equipments Top 100 award.

BLASTRAC organization is honoured that editors from professional floor magazines have chosen the BLASTRAC BMR-85D as the most innovative product of 2008.

### SLIPALERT

3 Homefield Road, Radlett, Herts WD7 8PX  
T: 01923 858323

[www.slipalert.com/100timesfaster](http://www.slipalert.com/100timesfaster)

#### COMPANY PROFILE

***SlipAlert: Fast, Easy, Accurate Slip testing***

SlipAlert was designed and built to make it easy for you to test floor slip risk. SlipAlert is 100 times faster than traditional slip tests. It takes just seconds to measure the slip resistance of a new floor. SlipAlert has been tested by the HSE, shown to correlate with the Pendulum, and is now in the British Standard BS8204.

A step change in floor safety, it's easy to measure the slip risk of new and refurbished floors. Used by flooring manufacturers and contractors to test resin floors, coatings and sealants for slip resistance. No fuss, just fast, accurate results.

SlipAlert is the easy way to measure PTV and CoF of a floor. Testing every floor you lay protects your business and adds value for your clients.

## EQUIPMENT MANUFACTURERS AND PROVIDERS

### TRELAWNY SPT LIMITED

13 Highdown Road, Sydenham Industrial Estate Leamington Spa,  
Warwickshire CV31 1XT  
T: 01926 883781

[www.trelawnyspt.co.uk](http://www.trelawnyspt.co.uk)

#### COMPANY PROFILE

Trelawny SPT is an independent manufacturer of pneumatic tools and surface preparation equipment operating from its headquarters in the engineering heart of the UK in Leamington Spa. For over 50 years Trelawny has been offering a range of equipment for the preparation of concrete, steel and stone in industries which include:

- Construction
- Floor preparation
- Utility contracting
- Marine and offshore (oil and gas)
- Nuclear decommissioning (remediation)
- Restoration, refurbishment and demolition..

Our products are sold worldwide through a global network of quality approved stockists and distributors. Our aim is to continue to develop our product offering to satisfy the demand and needs of our customers.

### VI DISTRIBUTION LTD

Unit 7 Springvale Business Centre, Millbuck Way,  
Sandback, Cheshire CW11 3HYO

T: 01270 750520 [www.vidistribution.co.uk](http://www.vidistribution.co.uk)

Contacts: Iain Wilson and Mark Clarke

#### COMPANY PROFILE

By working with many of the leading resin flooring companies during the past five years we have identified a comprehensive range of consumable products that we maintain in stock to provide excellent customer service. Whether it be brushes, rollers, tapes, abrasives, hand tools, mixing buckets, spiked shoes, polythene sheeting, PPE, hand cleaner – in fact, everything you require to get the job done. Delivery is next day.

We are the exclusive UK distributor of KAM specialist flooring tools that includes the world-famous Bubblebuster spiked rollers.

VI Distribution is pleased to be sponsor of PPE equipment for the FeRFA Apprenticeship Scheme.

## EQUIPMENT MANUFACTURERS AND PROVIDERS

### WAGNER ELECTRONICS

326 Pine Grove Road, Rogue River, Oregon 97537  
Tel: +1 541 582 0541

[www.wagnermeters.com](http://www.wagnermeters.com)

#### COMPANY PROFILE

Wagner Electronics is a respected world leader in moisture meter and moisture management solutions. For 45 years, Wagner's field proven technology has helped thousands of valued customers improve profits and eliminate wood and concrete moisture-related problems. Wagner moisture meters are known for their accurate, consistent readings.

The patented Rapid RH® 4.0 is the fastest concrete relative humidity test method available. Different than all other concrete relative humidity testing devices and methods, the Rapid RH® 4.0 design combines a patented Smart Sensor and an *Easy Reader* with patent-pending Touch-n-Sense™ technology for easy-to-use, accurate relative humidity testing for concrete slabs. The Wagner Electronics Rapid RH® 4.0 method is simple and quick.

This innovative, superior technology also allows you to take any additional sets of readings IMMEDIATELY. The *Easy Reader* goes to work on contact. When the *Easy Reader* makes contact with the Smart Sensor, the *Easy Reader* “comes to life” – turning on, taking a reading and holding the data display for 5 minutes before powering off. And because each Rapid RH®4.0 Smart Sensor stays in the test hole, out of the way, subsequent readings can be taken any time with IMMEDIATE results.

To learn more, visit: [www.rapidrh.com](http://www.rapidrh.com)

## FLOOR ACCESSORIES & JOINTS

### SCHLÜTER-SYSTEMS LTD

Units 4-6 Bardon 22, Beveridge Lane, Coalville, Leics LE67 1TE  
T: 01530 813396 F: 01530 813376

[www.schluter.co.uk](http://www.schluter.co.uk)

#### COMPANY PROFILE

Schlüter-Systems are the worldwide market leaders for the manufacture and supply of profiles and installation systems for the resin flooring industry, ceramic tile and natural stone industries.

The specialist items for the resin industry include:

- transition profiles
- movement joint profiles
- covered wall connection profiles and
- drainage systems

Our products are supported by excellent technical advice and sales support, ensuring the correct solution for every installation.

## PACKAGING

### PROTECH PLASTIC CONTAINERS

Pim House, Mariner, Lichfield Road Industrial Estate,  
Tamworth Staffordshire B79 7UL  
T: 01827 314615 F: 01827 54858

[www.one51.com](http://www.one51.com)

#### COMPANY PROFILE

Protech Plastic Containers provide packaging solutions for manufacturers, the company designs and manufactures plastic containers to suit industries' requirements, in conjunction with their customers. Based in Tamworth and Ireland, it has a dedicated and passionate management team and employ highly skilled operatives, along with the latest high tech manufacturing IML processes to provide a first class service.
