

FED UP FILLING IN FORMS FOR EVERY TENDER?

It is known throughout the entire trade that Pre-Qualification form filling is a huge waste of time and resources for every company in the construction industry.

By the time you have filled out the forms (all marginally different), copied all the certificates and insurance policies, bundled up all the paperwork and sent it back by post, the average company will have spent more than 4 hours on each one.

Sign up for Builders' Profile and never fill in a paper pre-qualification questionnaire again!

The Builder's Profile is an online information exchange service providing a quick and efficient way for companies to send their pre-qualification information without the need for duplicate paper questionnaires.

By creating a single profile with the Builder's Profile, you can enter all your company information in one secure place and satisfy the pre-qualification requests of contractors and clients. Instead of filling in their individual paper questionnaires to can send this to as many companies as you wish in whatever format they require at the touch of a button.

5 Easy Steps to making the Builder's Profile work for you:

1. Log on to www.buildersprofile.co.uk
2. Create your profile – FeRFA members (via the NSCC) are eligible for the discounted annual rate of £199 (+ VAT)
3. Email your profile to all contractors and clients that request a pre-qualification questionnaire
4. If a contractor or client refuses to accept your profile, inform them it contains all common pre-qualification questions and resist filling in their own questionnaire
5. Don't take no for an answer!

Once you have created an account, you can edit your profile by entering all your company information in the appropriate sections. You can then send your profile to any contractor or client that requests a pre-qualification questionnaire.

The Builder's Profile also automatically notifies you when critical information such as insurance policies are due for renewal.

If a contractor is already using the Builder's Profile, you can 'send' your pre-qualification information simply by authorising the contractor to view your profile. This will send the contractor an email advising them that your profile is available for immediate viewing.

For more information go to www.buildersprofile.co.uk or call 01305 763130

Only contractors which have been authorised by you will be able to view all your information, and your details will not be used by Builder's Profile for any other purpose nor provided to third parties.
