

NEW TECHNICAL GUIDANCE FROM FeRFA

The latest Technical guide from FeRFA is now available:

FeRFA Guide to Preparing Substrates to receive Resin Flooring and Finishing of Resin Terrazzo.

This eight-page guide aims to outline the principles of surface preparation to prepare a substrate to receive a resin flooring system, together with the finishing methods used to grind and finish resin terrazzo.

It outlines the selection criteria for choosing between preparation methods including shotblasting, grinding, planning/scabbling and multi-stripping.

The document is freely downloadable from the publications page of the FeRFA website.

Also newly released is the **FeRFA Guide to PPE for use with In Situ Resin flooring and Surface Preparation** which has been updated to reflect current legislation and practice.

The guide includes a table for selecting suitable PPE to be worn whilst undertaking various activities, with particular reference to the specific type of synthetic resin flooring material being applied or preparation activity being undertaken. There is also a quick reference sheet with easy to follow symbols for all floor types.

An A4 version of the guide can be downloaded from the publications page of the FeRFA website.

It is also available as a handy A5 document which can be used for reference on site. If you would like printed copies in the smaller format, please contact FeRFA.

Go to the FeRFA website at <http://www.ferfa.org.uk/html/publications.htm> for more information and to download copies of these and see all the other FeRFA publications.

Words 241

Seamless resin flooring provides a high performance, durable finish to suit both industrial and commercial applications. With specialist hygienic, slip resistant, chemical resistant and anti static systems available, resin flooring satisfies the demanding requirements of today's industrial environments.

FeRFA, the Resin Flooring Association, represents the major product manufacturers, specialist contractors and surface preparation companies, raw material suppliers and specialist service providers within the UK Resin Flooring Industry.

Further information, details of member companies, publications, training advice are all available at www.ferfa.org.uk
