

## FeRFA's PUBLISHES GUIDE TO TERRAZZO

The latest in FeRFA's series of Technical Guidance Notes - on Seamless Resin Terrazzo has been published.

This six-page guide looks at the methods for creating a terrazzo floor, selection criteria, detailing, its application, cleaning and maintenance.

Copies of the document may be freely downloaded from the website at:  
<http://www.ferfa.org.uk/html/publications.htm>

This is the tenth document produced by FeRFA and will assist specifiers and clients in selecting and using this increasingly popular type of resin flooring. FeRFA is a member of RIBA's CPD Providers Network and its informative documents cover: Selection of Synthetic Resin Floors, Specification and Application, Static Controlled Flooring, Assessing Slip Resistance, Osmosis, Chemical Resistance, Substrates with high moisture content, Cleaning resin floors and Use of PPE.

*Words 123*

Seamless resin flooring provides a high performance, durable finish to suit both industrial and commercial applications. With specialist hygienic, slip resistant, chemical resistant and anti static systems available, resin flooring satisfies the demanding requirements of today's industrial environments.

FeRFA, the Resin Flooring Association, represents the major product manufacturers, specialist contractors and surface preparation companies, raw material suppliers and specialist service providers within the UK Resin Flooring Industry.
