

As suppliers and installers of industrial seamless resin based floor and wall finishes for more than 30 years, Ryebrook Resin Flooring Ltd need to expand their current teams working on sites in London and across Southern England.

We need technicians skilled in surface preparation as well as those experienced in screeding and laying of resin floors. We also need a candidate who has some experience of the building industry preferably with CSCS and site experience of painting, plastering or ground works that wants to learn and build a career in this fast expanding business.

Earnings and prospects are excellent and will reflect applicants experience and standard of work. Company vehicle supplied, current driving licence is essential.

Email/Post In your CV or call us to discuss the opportunities.

Ryebrook Resin Flooring Ltd, Kingston House, Waterside Court, Neptune Way, Rochester, ME2 4NZ
