

FeRFA AWARDS SHORTLIST ANNOUNCED

FeRFA recognises excellence in resin flooring by presenting annual awards to celebrate the workmanship, diversity, innovation and commitment to quality and training shown by its members.

The winners will be announced at the FeRFA Awards Dinner on Friday 27 November at the Belfry Hotel by the host Fred MacAulay.

The shortlist for this year is:

Large Industrial Project of the Year
Trainer of the Year
Small Commercial Project of the Year
FeRFA Member Company of the Year

To be announced on the night are: **Small Industrial Project and Large Commercial Project of the Year**

LARGE INDUSTRIAL PROJECT OF THE YEAR (sponsored by Huntsman Polyurethanes (UK) Ltd)

- **CENTRAL FLOORING / SIKA**
Project: Sirocco Airedale
The choice of flooring for a new build manufacturing facility of a world leading air conditioning company had to meet the highest standards. With 19,500 m² of flooring to be completed to a tight schedule, this decorative flake project is potentially the largest in Europe.
- **IRL GROUP / SIKA**
Project: Dove Nestle
Over 26,000 m² of resin flooring (plus 35,000m² of resin wall finishes and 26,000m² of ceiling finishes) has been installed at the Nestle coffee production facility demanding the most challenging programming, management and installation skills from the installing contractor.
- **NATIONAL FLOORING / DEGAFLOOR**
Project: RNLI Project
A new build RNLI facility for the production and maintenance of lifeboats required a durable floor which would give good service for at least 15 years.
- **ZIRCON FLOORING / SIKA**
Project: GE Energy
The key challenge in the refurbishment of an uneven concrete floor of GE Energy's production facility was a highly durable and super smooth floor. The 3000m² factory floor had to meet the exacting requirements of +/-1mm over a 2m straight edge to allow the movement of components using air film technology.

therapy exercises, yet offer some slip resistance. ComfortFloor Pro was chosen to give comfort underfoot and a attractive, seamless, easy to clean flooring system. All products were donated.

- **FLO-DEK / DEGAFLOOR**

Project: Blue Waters Resort

A slip resistant, easy to clean and hygienic finish was the top requirement by an exclusive luxury hotel for refurbishment of the kitchen and food preparation areas. Overcoming the complexity of high day time temperatures and the logistics of material delivery overseas, the project was completed on time.

- **NATIONAL FLOORING / DEGAFLOOR**

Project: Browns Hotel

Luxurious 5* hotel required a fast track solution to refurbish busy kitchen and food preparation areas. Degafloor FB system was installed with minimum disruption to the hotel and its guests.

- **REPROTEC UK / ALTRO**

Project: Newcastle Theatre Royal

A new seamless and flexible dancing floor has been reinstated at Newcastle Theatre Royal with no disruption to the busy programme of classes.

- **SENSO / REMMERS**

Project: Twickenham Studios

A poured resin floor in vibrant colours with intricate design detail has completely refurbished the reception area of this historical building. A wet on wet pouring technique produced the dramatic effect of a fusion floor to the exact requirements of the client and architect.

- **ZENITH POLA / SIKA**

Project: Ward 10 Birmingham Hospital

Durability, noise suppression, comfort underfoot and aesthetic appearance are the key requirements met by the Sika ComfortFloor resin system installed in Ward 10 at Birmingham Hospital. The floor design included circular shapes to give an added welcome to the ward.
