Specification Manager

The Role

Generate leads through specifications by carrying out CPD's, attending exhibitions and build relationships with architects, specifiers, local authorities and main contractors.

Key Responsibilities

Network with architects across the UK and globally.

Carry out CPD's, webinars and presentations to architects, specifiers, local authorities, main contractors and distributors.

Support the sales team and technical department with technical enquires.

What's on Offer

The job will be based at our head office in Harlow, Essex and on-site where required.

Regular meetings with external architects and customers will be required.

Full product training will be offered on arrival.

Salary in the region of £40,000 + bonuses.

If this sounds of interest to you, or anyone you know, or if you'd just like to know more, please don't hesitate to contact hello@ronacrete.co.uk with your up-to-date CV.
